REBRAND PACK

If you're a growing company looking to level-up your existing branding, this ones for you.

What's the process?

1

You've downloaded the pack, so now it's time to fill out our [questionnaire here](#) so we can find out more about what you're looking for.

2

We'll be in touch for a 30 minute consultation to ensure we've understood your brief regarding the information you've provided.

3

We'll send through final budgets for the project, and as soon as we get the paperwork signed, we'll start the work! We'll aim to have the first draft to you within a week. You'll have a total of two rounds of amends included in the final budgets.

4

When commenting on amends, the first round will be done via email. If a second one is needed, we'll arrange a 30 minute call to discuss any changes to allow full understanding of your feedback.

Once the final project is completed and you're happy, we'll send over a range of file types and the original design files for you to use as you please. It's that easy!

Our Expert Design Team: Your Creative Edge.

Antonia Gifford

Group Creative Lead

Hannah Collins

Senior Creative Designer

Ewan Pogson

Junior Creative Executive
